## Principal's Message - Semester 1 2026

Dear Parents/Guardians,

Happy New Year!

A distinguishing feature of our school is our caring and enabling environment. Last year, the school audit findings and different survey outcomes conducted by MOE affirmed our strong culture of care. As a further testament to this, we are proud to share that our school was the sole secondary school recipient of MOE's **Lee Hsien Loong Award for Innovations in Uplifting Students** in 2025. This award strongly affirms that our existing programmes have value-added to the holistic development of our Merahans consistently over the years.

As our important ally, we would like to invite you to partner us to build on our strength and nurture our Merahans to embrace opportunities for growth and make informed and responsible choices in life. Together, we can prepare our Merahans for success by guiding them to:

- 1) **Set a goal and review their actions regularly.** This gives our Merahans a purpose and enables them to take responsibility by tracking their own progress.
- 2) **Maintain regular attendance.** Research has shown that missing school by 10% will have a negative impact on learning achievements. Similarly, being late for school will also affect learning progress.
- 3) **Be in control of their technological gadgets.** Technology is a double-edged sword depending on how the user wields it. From 2026, all secondary schools will adjust policy on the use of mobile phones during school hours (see **Annex A** on Mobile Phone Management Policy attached) and the default timing when the sleep mode for the personal learning devices will be activated. With clear boundaries both in school and at home, our Merahans can have a better chance of regulating their gadget use and improve their sleep habits.

Each of our small but concerted actions can turn into a blessing for our Merahans and others around them. If not immediately, then later in life.

As we look forward to the new year, we would like to share our calendar of school events (see **Annex B**) and the shifts in our staff movement in Semester 1. We would like to:

- Thank our colleagues who will be leaving us and embarking on new chapters from Semester 1: Ms Loretta Lee (SSD), Mr Ken Hu (AYH), Mr Tan Tua Choon (AYH), Mdm Chen Jing and Mrs Chang Lai Yee.
- Welcome our colleagues who are appointed to support our Merahans who need us the most: Ms Janelle Tay (AYH/S3), Ms Leung Sin Yung (SH/Social Studies), Ms Chian Yuan Lin (SH/Lower Sec Science), Ms Loke Jia Yi (LH/ PE&CCA), Ms Giselle Rai (LH/Student Management Internal), Mr Jereme Chee (covering HOD/ICT), Mr Gaius Lee and Ms Esther Lui (covering SSD), Mr Yeo Jun Zhong (covering AYH/S2), Ms Ho Shumin (covering LH/ICT).

Yours faithfully,

Mr Darren Chong  
Principal

***SEDIЯ - ALWAYS BE PREPARED***

### **Implementation of Mobile Phone Management Policy from 2026**

Dear Parents/Guardians,

We would like to inform you of our school's updated mobile phone management policy to be implemented from this year. The policy is aligned with the Ministry of Education's guidelines of **no mobile phone usage during school hours**, and is part of our ongoing efforts to create a caring and enabling environment for all Merahans.

#### **Purpose of the Policy**

The key intent of our policy is to:

1. Encourage students to be respectful and disciplined in their practice.
2. Promote positive peer relationships and focus in learning.
3. Nurture students to make responsible decisions for themselves and others.

#### **Implementation Phases**

Our school has procured mobile phone lockers. But there is a delay in the delivery. To facilitate a smooth transition, the mobile phone management policy will be implemented in two phases:

#### **Phase 1: Interim Class-Based Collection (from 2 January)**

- Phones will be deposited with the Form Teacher at the flag raising ceremony. These will be placed individually in labelled ziplock bags, and stored securely in the conference room during school hours.
- Phones will be returned to students under supervision when they are leaving school.
- Please note that the dismissal timing might be delayed for up to 15-30 minutes, due to the collection of the phones. We thank you for your understanding.

#### **Phase 2: Permanent Centralised Phone Locker System (upon delivery)**

- Students will deposit their mobile phones into designated lockers with number locks before the start of flag raising ceremony.
- Phones will remain in the lockers during school hours.
- Students are to retrieve their phones when they are leaving school.

#### **Random checks will be conducted during school hours.**

If a student is found in possession of a mobile phone during school hours, the following consequences will be served:

1. A verbal reminder will be given.
2. The phone will be confiscated for the rest of the day. It will be returned to the student at the end of the school day.
3. Parents/guardians will be informed.
4. Incident will be recorded in the disciplinary portal.
5. **Repeated breaches of the policy will result in progressively stronger disciplinary actions**, in line with the school's student management framework of consequences, to help reinforce responsible behaviour and adherence to school routines.

## **Working Together**

We seek your support in:

- Reiterating the key intent of the policy to your child.
- Reminding your child to respect and abide by school expectations on mobile phone usage. They are to switch off their mobile phones and deposit them accordingly during school hours.
- Encouraging them to be responsible in their decision-making process.

At Bukit Merah Secondary School, we believe that **clear boundaries** are essential in a caring and enabling environment to grow our Merahans to be self-directed, respectful and responsible individuals.

Should you have any questions or require clarification, please feel free to contact Mr. Satwant Singh, HOD Student Management and Well Being.

Thank you for your continued support and partnership.

Yours faithfully,

Mr Darren Chong  
Principal
